Javascript/Node.JS ★★★★★★☆☆☆☆  
Trello ★★★★★★☆☆☆☆  
Git ★★★★★★☆☆☆☆  
Git-flow ★★★★★★☆☆☆☆

## Language Skills

Dutch Native language  
English Oral well, writing well

## **Hobbies**

Aside from making games, I also enjoy playing them and then thinking about what makes them tick. For example optimization in large games, or movement in platformers. In my spare time, I also tinker on my game or experimenting with various Unity features to see if I can use that to work more efficiently.
